

We have great pleasure in reaching out to you and taking the opportunity to introduce us at **Alpha Projects & Logistics** and the services that we offer in Project Forwarding.

We are specialized in Project Forwarding and Special Transportation. We transport materials and equipment to the energy, mining, plant and construction sector. We tailor make transportation solutions to meet the individual requirements of our customer.

We know that the most important factors for our customer's success is fast, accurate and reliable information with competitive transport solutions.

From our own offices in Italy, Denmark, Netherlands, Botswana and Namibia we handle all kind of shipments by Air, Sea, Rail and Road to and from worldwide destinations. With our extensive experience in Europe, Middle East and Africa we are ready to serve you with our 1st class service.

We are pleased to inform that we offer the full scope of services in the shipping industry:

- Project forwarding (turnkey projects)
- General forwarding by air, sea, rail and road
- Special transportation including heavy lift and Out of gauge by sea and road
- Cross Trade
- Hazardous materials / Explosive goods, handling and packaging
- CFS (stuffing/destuffing of containers) / Stevedoring / Warehousing in all ports
- Chartering / Cargo survey
- Customs Clearance / Certification / Legalisation
- Project Transport Management and Consultancy

We handle regular project cargo to and from the following areas:
